

# CERTIFICATE

## bertrandt

### ISO 45001:2018

DEKRA Certification GmbH hereby certifies that the organization

#### Bertrandt AG

Birkensee 1, 71139 Ehningen, DeutschlandGermany

for the scope of certification:

Administration and commercial control processes  
Engineering services in research and development, including series production support services according to customer requirements  
Development projects as part of the entire product development process according to customer requirements  
Special and small series production, production or procurement of prototypes and pre-series parts, production of X-vehicle components, conversion of series vehicles for special purposes on behalf of customers with a focus on the automotive industry (+ vehicle maintenance)  
Research and development for and of electronic assemblies and devices in the field of software and hardware  
Personnel leasing and placement with a focus on engineering services for research and development  
Provision of learning services

(Sites see annex)

has established and maintains an environmental management system according to the above mentioned standard. The conformity was adduced with audit report no. A23101341.

Certificate registration no.:	450524036
Validity of previous certificate:	
Certificate valid from:	2024-05-11
Certificate valid to:	2027-05-10

Language translation

Dr. Rolf Krökel  
DEKRA Certification GmbH, Stuttgart, 2024-05-08

# Annex to the Certificate no. 450524036

valid from 2024-05-11 to 2027-05-10

The following sites / organizations belong to the certificate above:

## 1. Main areas of activity

Nr.	
1.	Administration - administration and commercial control processes
2.	Services - engineering services in research and development including series-accompanying services according to customer requirements
3.	Development projects - development projects as part of the entire product development process according to customer requirements
4.	Automotive production - special and small series production, production or procurement of prototypes and pre-series parts, production of X-vehicle components, conversion of series vehicles for special applications on behalf of customers with a focus on the automotive industry
5.	Hardware and software solutions - research and development for and of electronic assemblies and devices in the field of software and hardware
6.	Personnel leasing and placement with a focus on engineering services for research and development
7.	Provision of learning services

# Annex to the Certificate no. 450524036

valid from 2024-05-11 to 2027-05-10

The following sites / organizations belong to the certificate above:
